We are the tipping point. Push back here will result in the eventual fall of Communism worldwide, failing means all countries which remain will eventually fall to Socialism and then Communism. This is more than the USA this is a worldwide tipping point. There is no other option but to fight.

I can't believe it's come to this where the US won the Cold War, the USSR fell. And then suddenly 1 election loss later, the entire world is suddenly going to convert entirely to communism.

This is not good

The communists have been infiltrating us for years, long before the USSR fell. They weren't centralized in the USSR but they've infiltrated every single global society, the globalists are the communists, which are the deep state. Its all the same people, and they all just want power and want to destroy freedom

It's good that the fear of communists motivates you but this was never about communists. These election manipulations have been going on for decades, maybe century, and it was always the British Royal family.

All the previous british colonies also have similar election systems. Electoral districting, money for propaganda, voting machines, absentee ballots, unpopular rulers, slow counting, these people have centuries of experience at pacifying the electorate and stealing elections.

They just decided to team up with China this time. Just look up genealogy of us presidents. They aren't even hiding it, and Trump is literally one of them and he actually backstabbed them and exposed them. If he actually calls them out being the British royal family today that'd be historical, but people will call him conspiracy theorist.

Canadian here too.

The United States is the [last beacon of freedom and democracy in the world](#). If their light goes out, we enter a thousand years of darkness. The Great Reset. Silicon Valley. Hollywood. CNN. MSNBC. BLM. Antifa. They're

about to win. They're all about to take over control of the last free country and extinguish its beacon of liberty forever.

The rest of the world **needs** America to repel this electoral theft and preserve their beacon of hope for the rest of us.

it's going to suck. Silicon Valley will continue unrestrained and unchecked: iphone 13, iphone 15 with crazier cameras for dumb selfies.

Hollywood is going to crank out more and more movies, with no regard for the classics like Jaws or Karate Kid. It will be movies nobody wants to watch like Avengers or Spiderman. NBC will probably make more sitcoms, that's all they know how to do. BLM is going to continue that black people shouldn't be arrested by cops.

If all of these things happen, the world will be over. 1000 years of darkness surrounded by this crap.

Hey. The CCP can have Ontario. Hell, they can be Canada. Wexit and Exit (Eastern Canada) can happen on the both sides of Ontario and we'll build a huge underground tunnel connecting the two real Canada's.

Probably wont happen for us though until the Conservative Party in eastern Canada actually grows into a stronger a presence.

If trump doesn't win then we have no chance to fight communism in Canada.

And if Canada didn't matter then Obama and Greta Thunberg wouldn't have tried meddling in our election a day before Election Day. There's a reason they came up here to show their stupid fucking faces.

Trump winning = hope for our canadian oil and gas sector

Trump losing = we are fucked.

Trump winning = maybe we can get him to shut down the U.S. side of roxham road where illegal third world refugees are entering Canada and using the states as a stepping stone.

As someone outside of the country, I just want to say how proud I am of everyone that is in DC. I just watched a few people interviewed, and there is a goodness and almost innocent trust that America, Trump and the leadership won't let them down. I fear this innocence. It doesn't exist in the Left and if evil were to ever be felt, it is felt in these times.

Lord, don't let us down. Have pity on us.

These speakers don't get it at all. Why do they think the establishment will suddenly get voted out of office in two years if the corruption is still in place. These groups that organized this protest are the ones that supported many of the establishment republicans today over grass-roots candidates during the republican primaries.

You need a leader to make those calls. And or we need a massive wave of equally minded men.

No man can do this single handedly. So shut up with your " you go do it". I'm spreading the truth ,I'm encouraging others. But I can't just go and kill bad people by myself. This needs to be lead by someone in authority and then have to have a massive amount of people.

If anyone wants a good breakdown of how the hysteria over this virus is majorly overblown by an actual doctor, this was a great video: <https://www.youtube.com/watch?v=KQ3kEzHO5rQ>

It's long and today is a big day, so I get if people don't want to watch it now, but the breakdown is perfect and great for normies who are on the fence.

One or more of the following needs to occur

1. Armed Patriots storm the Capitol building
2. Pence reject the democrat electors and accept the Republican
3. Red states form a new union
4. Armed rebellion in red states taken over by Democrats
5. Run the election again on purely paper ballots

nowhere near that many will get in to the Ellipse. Secret Service has a perimeter and is doing security checks and I'm sure a max capacity "inside" the event area.

Kinda deceiving ATM, secret service is metering how many get in, there's security checkpoints and of course it takes forever. This thing was supposed to start around 7, it's 8:45 and people are trickling in. I wonder what bullshit they're doing for coronavirus. Are they making people take rapid tests or do they just have to wear masks and shit and sign some waiver?

[permalink](#) [parent](#) [save](#) [report](#) [block](#) [reply](#)

▲ 1 ▼

= [Sting](#) 1 point 4 days ago +1 / -0

Wait are they seriously testing people and the people are just allowing that? Holy crap. That better not be true or this is already over. If there are security checkpoints that people are actually acquiescing to, and there are masks and there are waivers? No. They better not be true and patriots better not be submitting to this or you can pack it in already. Just got home. If you're going to do that just go the fuck home.

They still have the filibuster in the Senate and a democrat has already said he will not go along with getting rid of it which means that should allow the republican scum swamp to continue to influence the democrat scum swamp so only swampy things that pay off swamp continue to get done by the unobstructed of swamp.

And muggy McConnell will still have his wife's father be best buddies with the number 2 man in tve Chinese communist party and run the huge family Chinese business.

So don't be fearful.

Nope course not. low energy voters don't turn out, dead voters don't turn out, CCP shills can't turn out. No one turns out for Sleepy Joe. His master have to pay people to turn up, they'd run out of money well before they get the same amount of people out as President Trump.

Hundreds of thousands people watching online before anything has really started. EVERYONE is waiting to hear from him. EVERYONE loves him. The People's President.

I live in DC. Our population is around 715,000. If the city had tripled or pentupled in population I'd have noticed.

Seems March for Life sized or so. Which is very big. But no one's pulled off a million. Especially not on a few week's notice.
